

SPARKS OF CURIOSITY IGNITES LORETO LEGACY Science Exhibition 2025

The Science Exhibition 2025 at Loreto Day School, Sealdah was a vibrant celebration of innovation, teamwork, and scientific spirit, held on a bright and energetic morning. The event began at 9:00 a.m. with the arrival of our esteemed guests, including the Chief Guest Mr. Sanjoy Chattopadhyay, Sister Monica Rozario, Guest of Honour Ms. Nandini Bhattacharya, our respected Principal Sister Baishakhi, and special guest Sister Mercia. We were also deeply honoured by the presence of Sister Rina, Principal of Holy Child School, and the Sub-Inspector (SI) of the Education Board, whose presence added gravitas to the occasion. The guests were warmly welcomed and ushered into the Assembly Hall by Ms. Stella, Ms. Shikha, and Ms. A. Mitra, along with student council members Samriddha and Suneha.

Esteemed guests

At 9:15 a.m., the inaugural ceremony commenced with a heartfelt welcome speech by Mr. Sujoy Sarkar, on behalf of the Science Exhibition team. This was followed by a solemn Diya-lighting ceremony, where Samriddha Das invited the Chief Guest and other dignitaries including Sister Monica, Ms. Nandini Bhattacharya, Sister Baishakhi, Sister Mercia, and the Senior School Coordinator to join. The Head Girl, Trayi Pattanayak, then invited everyone to join in the prayer service, led by the Student Council members. Tokens of appreciation, including shawls, coffee mugs, potted plants, and thank-you cards, were presented with deep gratitude. Sister Baishakhi honoured the chief guest with a shawl, mug, and plant, and similar tokens were presented to the Guest of Honour and other special guests. The Vice Head Girl then invited Sister Baishakhi to address the gathering. In her inspiring address, she encouraged students to keep exploring and innovating, and officially declared the Science Exhibition open.

*A Milestone in Our
School's History*

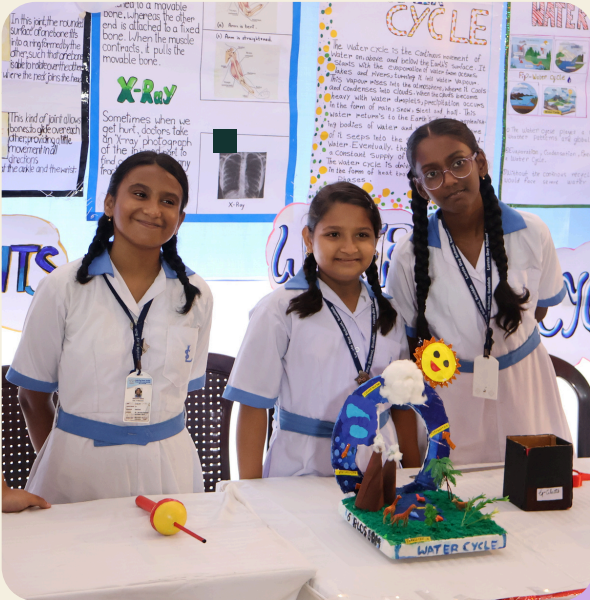

Science

FOLLOWING THE INAUGURATION, AT AROUND 9:30 A.M., THE EXHIBITION FLOOR CAME ALIVE WITH ENERGY AND EXCITEMENT. STUDENTS FROM VARIOUS CLASSES AND PARTICIPATING SCHOOLS PRESENTED THEIR MODELS, EXPERIMENTS, AND RESEARCH PROJECTS. THE PANEL OF JUDGES BEGAN EVALUATING THE EXHIBITS. GUESTS AND JUDGES INTERACTED WITH THE YOUNG PARTICIPANTS, APPRECIATING THE CREATIVITY, DEPTH OF UNDERSTANDING, AND CLARITY WITH WHICH THE CONCEPTS WERE PRESENTED. THE EXHIBITION HALL BUZZED WITH QUESTIONS, EXPLANATIONS, AND THE JOY OF DISCOVERY.

EMC2

THE STUDENTS PRESENTED A WIDE RANGE OF FASCINATING MODELS, INCLUDING:

Movable Joints

Pinhole Camera

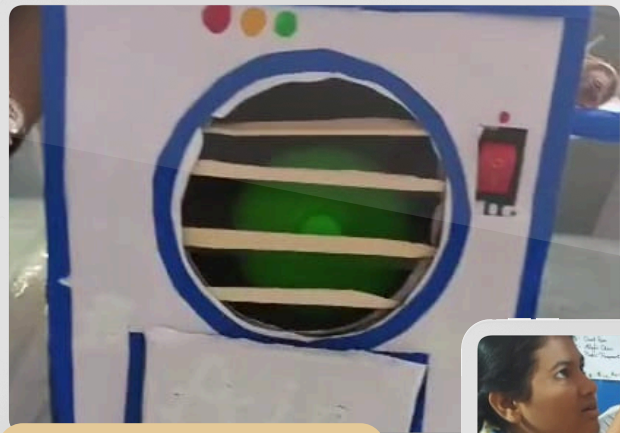

Fake Blood

Lemon Battery

INNOVATE

Air Cooler

Digestive System

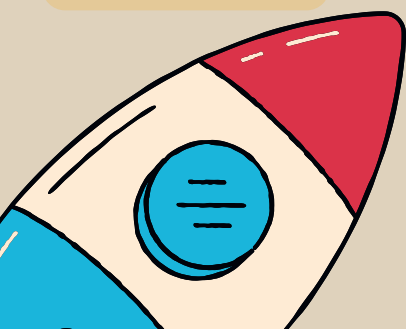

DNA Model

**Chemical
Volcano**

Spectrum

Congratulations!

The science exhibition has set a new standard for our school, and we're excited to make it an annual event. We appreciate the support of administrators, parents, and the entire school community.

FEEDBACK

We were delighted to see students applying theoretical knowledge to real-world problems. This exhibition has fostered a love for science and inspired our young minds to think creatively.
